Dear Captain O'Brien

At a recent Patient Participation Group meeting at our Practice, Mrs Betty Smith mentioned the possibility of a Community Transport Car for the Neston area to assist patients with surgery and hospital visits etc.

May we express our wholehearted support for this venture, which we feel, would be a great benefit to patients. We would also be willing to promote the scheme with our patients and hold leaflets to hand out to them explaining the scheme.

We hope you are successful in your bid for funding.

Yours sincerely

GP's at Neston Medical Centre
